Advice & Planning

PRAXIS AUTOMATION SERVICES

AUTOMATION TRAINING

Human capital is the most important asset of any organisation. They need to be technically competent, productive & focused. Investment in productive training programs yields better

We customize the training need plant/maintenance requirements. We are specialist & one training solutions in-plant or at our facilities. We have best pool of faculties with exhaustive automation industry experience.

We organize Summer / Winter Training programs In-campus or our Training Centers. Engineering colleges / Diploma institutions desirous of organizing Summer / Winter Training programs for your electrical / electronics & Communication / Instrumentation / Mechatronics Students on PLC, SCADA, DRIVES, DCS, HMI etc.

PRAXIS AUTOMATION SERVICES

Solutions At Your Door Step

PRAXIS is committed to provide quality services to the Automation End users, OEMs and Automation channels. One of our core service- training on automation platforms and components (PLCs/ SCADA/ DCS/ Drives/Instrumentation/ Electricals/ Networking / Soft Skill Development) to serve two purposes – Cost effective job oriented training for needy engineering graduates and upgrading skill levels of working professional in manufacturing industry". We have relations with different automation industries, OEMs, Automation channels to provide placement to our trained engineers.

PRAXIS is professionally run by technocrats having more than 20 years of experience in Automation field working at different areas like Customer support / Training / project execution. We have rich experience in providing automation solutions to Indian & overseas industries & strong presence in rich industrial belt of Eastern India.

AUTOMATION SOLUTIONS

We provide automation support services to the End-Users, OEM's. Automation channels.

- * **On-site field support Services**
Emergency field support
Annual Maintenance Contracts
Online & Phone Support
Project Services like cabling, erection, installation, network configuration, I/O testing and commissioning.
- * **Condition monitoring Services** –Vibration data collection, installation, commissioning of online / surveillance vibration systems.
- * **Customized Training.**
- * **In house Services**
Automation drawing preparation in Auto cad
Preparation of I/O List, FD and software development
Conducting FAT
Training
- * **Systems We Support**
PLCs
Human Machine Interface (Touch screens and software HMI)
SCADA systems
Motion (servos) and Drives (Inverters)
Condition Monitoring system
Process instrumentation and metering systems

PRODUCT & SERVICES

We offers complete solutions towards control systems such as Programmable logic controllers, Distributed Control Systems, Supervisory Control, Data Acquisition System, Automation Control, Instrumentation & Electrical Systems, Field Instruments, VFD's, Control Room Instruments, Control Panels etc.

TURNKEY EXECUTION

Total Plant Automation, Package Automation, Significant packages (Automation of Boilers, BOP, Turbine, WTP, ETP, Rolling Mill, Furnace etc .), OEM Packages.

ERECTION & COMMISSIONING

Erection / Installation, Testing and Commissioning of all of the above & more.

ENGINEERING

Site Survey, Data collection, Design, Detail Engineering, Documentation for Instrumentation, DCS, PLC, SCADA, SCADA Adaptation, Electrical Protection etc.

Technology consulting provides a total end to end solution

Complete solutions for your Industrial Automation

AUTHORIZED DISTRIBUTOR FOR VACON AC DRIVES

Vacon is driven by a passion to develop, manufacture and sell the best AC drives and inverters in the world - and provide customers with efficient product lifecycle services.

Vacon has a passionate attitude towards developing AC drives and bringing dynamics into the business. Vacon is the most reliable and most service-oriented supplier in the business.

This promise is summed up in our philosophy and slogan: Driven by Drives.

SYSTEM INTEGRATOR FOR ROCKWELL AUTOMATION

Rockwell Automation, the world's largest company dedicated to industrial automation, makes its customers more productive and the world more sustainable. Throughout the world, our flagship Allen-Bradley® and Rockwell Software® product brands are recognized for innovation and excellence.

Our products, software and services carry brands recognized globally for quality, innovation and performance.

AUTHORIZED SYSTEM INTEGRATOR FOR SOFTWARE OF PROTOCOL

Protocol Automation Technologies Pvt. Ltd. is a software solution house based in Bangalore, serving the Automation Industry with time tested quality products, services and support since the past 15 years.

Our principals are leading Software Industrial Automation companies like PROGEA, KEPWARE, Software ToolBox and Cogent, leading IT companies like MICROSOFT and MySQL and Industrial Communication companies like VIOLA.

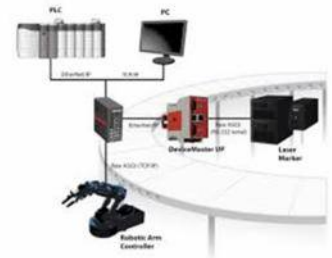

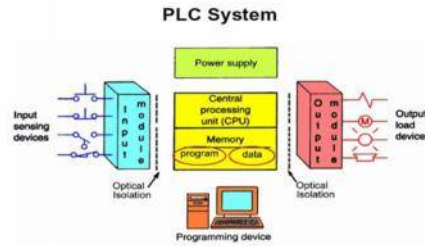

COMPLETE SOLUTION ON PROCESS INSTRUMENT-

AUTOMATION TRAINING PROGRAM

College Training Programs

We offer the perfect synergy of experience, automation technology, and scale to advance factory automation solutions for the world's leading manufacturers..

We have a vast experience in executing Projects for Industrial Automation, Instrumentation & Electrical systems in all the major process plants like Power Generation, Refineries & Petro-Chemicals, Sugar, Steel, Fertilizers, Chemicals & many more industries throughout India & abroad too.
